

THE MAGIC PRISM

An Essay in the Philosophy of Language

HOWARD WETTSTEIN

The late 20th century saw great movement in the philosophy of language, often critical of the fathers of the subject—Gottlieb Frege and Bertrand Russell—but sometimes supportive of (or even defensive about) the work of the fathers. Howard Wettstein’s sympathies lie with the critics. But he says that they have often misconceived their critical project, treating it in ways that are technically focused and that miss the deeper implications of their revolutionary challenge. Wettstein argues that Wittgenstein—a figure with whom the critics of Frege and Russell are typically unsympathetic—laid the foundation for much of what is really revolutionary in this late 20th century movement.

The subject itself should be of great interest, since philosophy of language has functioned as a kind of foundation for much of 20th century philosophy. But in fact it remains a subject for specialists, since the ideas are difficult and the mode of presentation is often fairly technical. In this book, Wettstein brings the non-specialist into the conversation (especially in early chapters); he also reconceives the debate in a way that avoids technical formulation. *The Magic Prism* is intended for professional philosophers, graduate students, and upper division undergraduates.

Howard Wettstein is Professor of Philosophy at the University of California, Riverside.
